Dear Women:

The Anti-Racism Work Group does anti-racism workshops for women's organizations in Toronto.

These workshops are an excellent resource for white women who want to improve their analysis on racism. Discussion includes how you as a group and individually can better work with women of colour and address racism within your organization.

We offer the workshops to a variety of groups, for a \$25 negotiable fee.

Please book one month in advance. Call 465-1781, or 594-2930.
