# a new Willys-Knight

## THE Standard Six

HE Climax of fourteen years'
fourteen years'
fort-a WillysKnight Six-of
typical Willor
Knight quality
—at the lowest
history.

The supremacy of the Willys-Knight sleeve-valve engine is a matter of general knowledge—not only to more than 300,000 owners, but to leading engineers as well

Naturally, it costs more to build this superior engine. It is only today, after nearly a decade and a half of constant experiments, and with greatly improved and increased manufacturing facilities, that we have reached our goal of bringing the patented Willys-Knight sleeve-valve en-

gine into a lower price field and making its sup-reme advantages avail-able to countless buyers.

able to countless buyers.

The new Willys-Knight
Standard Six offers features
unobtainable in any other
car at its price. For instance: The #5-horsepower engine has a thermostat, air-cleaner, and
oil-rectifier. The front
ach has full annifriction
bearings, for easiest steering. Positive,
mechanical 4-wheel brakes are provided
for utmost safety.

Bodies have deeply cushioned, form-fitting seats, doors with remote controls and an adjustable steering wheel designed to be non-splinterable. An extra-large cowl ven-tilator and a windshield that opens very wide permit perfect ventilation.

#### TWO OTHER BRILLIANT SIXES

Willys-Knight "70" Special Six—improved, finer; now still further distinguished by advanced features and beautiful new color options.

vanced features and beautiful new color options.

Willys Knight Great Six —one of Canada's most luxurious cars. Now a larger, more powers

ful engine insures even higher and smoother speed and even flashier acceleration.
